2. **Once worksheet is completed and disclosures read, the Agent** will make the call to **DIMA** (800-604-6844) to initiate the Point of Sale Telephone Interview **(POSTI)** for instant underwriting decision ***AND*** application paperwork completion! Information from the worksheet, and Child//Grandchild Supp App (if applicable) will be required during this interview from the agent. ***Complete and accurate data will make the call smooth and timely.***

    ***Please Note: By eliminating the need to fill out and then send in all paperwork, the time will more than offset the few additional minutes required in the paperless process. The worksheet will allow an agent to have important client and bank information readily available for the Telephone Interview.***

    **DIMA** will begin the process as follows:
    a. Ask the Agent client personal and Bank information.
    b. Speak with your client to obtain, verify, and underwrite the sale. This includes:
        i. Verify disclosures have been read or given to client, including MIB and HIPAA.
        ii. Obtain voice signatures for disclosures and application.
        iii. Verify health questions (same as worksheet).
        iv. Complete Application and all required Forms.
        v. Give the Agent an **instant underwriting decision** before you hang up!
        vi. Instruct DIMA where the policy should be sent: To the Agent or Client.

3. **The Agent** retains the worksheet for their record**……..**NO need to send in anything and the client's policy will be issued. **EXCEPT FOR THE FOLLOWING:**
        a. **If the sale is a replacement:** The proper state required replacement form(s) must be completed and signed prior to the call to DIMA.

# ACCELERATED DEATH BENEFIT PAYMENT RIDER DISCLOSURE

**NOTICE: Death benefits, premium payments, and cash surrender values will be reduced upon payment of an accelerated benefit. The accelerated benefits offered under this rider do not and are not intended to qualify as long-term care insurance. The accelerated benefits offered under this rider are intended to qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as your life expectancy at the time benefits are accelerated or whether you use the benefits to pay for necessary long-term care expenses, such as nursing home care. If the acceleration of benefits qualifies for favorable tax treatment, the benefits will be excluded from your income and not subject to federal taxation. However, accelerated benefit payments may be taxable by your state. Tax laws relating to accelerated benefits are complex. You should consult a qualified tax advisor for specific information. Receipt of an accelerated benefit payment may adversely affect your, your spouse's or your family's eligibility for medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance or other public assistance programs. You should consult with a qualified advisor and with social services agencies regarding how receipt of such payment may affect eligibility for such programs.**

**PREMIUMS**
There is no premium charge for the accelerated death benefit rider.

**EFFECT ON POLICY VALUES**
After payment of the accelerated death benefit, the death benefit of the policy will be reduced by the amount of accelerated death benefit. Any premium payments, cash values, and other obligations and benefits under this policy, excluding that for riders, will be reduced proportionately. Upon a request to accelerate benefits under this rider, the owner and any irrevocable beneficiary will be given a statement demonstrating the effect of the acceleration of benefits on the cash value, death benefit, premium charges, and policy loans.

**AMENDED POLICY SCHEDULE**
An amended policy schedule will be sent to you, the owner, and any irrevocable beneficiary upon a request to accelerate benefits and upon payment of this benefit. The schedule will show the reduced death benefit, cash value and premium amounts.

**ACCELERATED BENEFIT**
A benefit that may be requested by the owner if the insured is terminally ill, or if the insured is chronically ill. Terminal Illness and Chronic Illness are defined below.

**MAXIMUM ACCELERATED DEATH BENEFIT**
The sum of all accelerated benefit payments may not exceed the smaller of $250,000 or 80% of the face amount.

**CONDITION OF PAYMENT**
We will pay an amount up to the maximum accelerated death benefit if we receive proof that the insured (a) has been diagnosed with a terminal illness; or (b) is chronically ill. An administrative expense charge and an interest charge may apply at the time of acceleration.

**DEFINITION OF TERMINAL ILLNESS**
Terminal illness is considered a disease or illness that is expected to result in the death of the insured within twelve (12) months.

**DEFINITION OF CHRONIC ILLNESS**
Chronic illness is considered a disease or illness such that the insured is unable to perform at least two activities of daily living or requires substantial supervision as protections from threats to health or safety.

**CERTIFICATION OF PHYSICIAN**
The certification by a physician must include documentation supported by clinical, radiological, histological, or laboratory evidence of the condition.

**PHYSICIAN OF OUR CHOICE**
We may require an additional examination by a physician of our choice, and at our expense. If there is a conflict of medical opinion as to the life expectancy of the insured, a third medical opinion that is provided by a physician that is mutually acceptable to the insured and the company will govern.

I have received a copy of this disclosure.

**NAIC Replacement**

# IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

**This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.**
You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a few life insurance policies involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise termination your existing policy or contract? _____Yes _____No

2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? _____Yes _____No

If you answered "Yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured, and the policy or contract number if available) and whether each policy or contact will be replace or used as a source of financing:

| | INSURER NAME | CONTRACT OR POLICY # | INSURED OR ANNUITANT | REPLACED ® OR FINANCING (F) |
|---|---|---|---|---|
| 1. | | | | |
| 2. | | | | |
| 3. | | | | |

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. (If you request one, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer.) Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older - are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

- New policies usually take longer to build cash values and pay dividends.
- Acquisition costs for the old policy may have been paid, you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax free exchange? (See your tax advisor)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?
