

Baltimore Life's Secure Solutions[®] SPWL

Point-of-Sale Underwriting Decision Process

Baltimore Life's SPWL product is written using an application and underwriting process that provides faster underwriting decisions. After a point-of-sale telephone interview and a prescription drug database check, you will receive a decision for approximately 90 percent of your cases before you hang up the phone!

The Decision Process

You will pre-qualify your client using the application Form 8003-0411 or its state specific variation. The application has been designed to help you classify your client's risk profile more accurately by following the parameters below.

The new SPWL application (Form 8003-0411 and its state specific variations) is structured into Part A and Part B.

- All "no" answers to Part A and Part B, coupled with a good height/weight, a clean MIB, and an acceptable prescription drug history should result in a Tier 1 issue.
- All "no" answers to Part A, a "yes" answer in Part B, coupled with a good height/weight, a clean MIB, and an acceptable prescription drug history should result in a Tier 2 issue.
- Any "yes" answer in Part A, however, means coverage cannot be issued in either of the available tiers.

Once you have completed the *entire application* and pre-qualified the applicant, you will contact the call center at (888) 368-9678 for an underwriting interview.

- This point-of-sale interview generally lasts 12 minutes or less.
- The call center representative will review the same health questions you used during the pre-qualification.
- During the call, an MIB search and a prescription drug database search will be run "in the background". If there are discrepancies between those results and the answers provided in the interview, your client may be asked a question from the application again in an attempt to clarify the difference in information. This process reduces the need for an APS and allows Baltimore Life and our agents to keep point-of-sale decision rates high.
- After your client has completed the interview, any underwriting decision is communicated to you, NOT to your client. The call center representative will provide you with an underwriting decision of either "approved" or "not approved."
- You will receive a confirmation number. Please write that confirmation number on the front page of the application.
- Fewer than 10 percent of the cases will be referred to the home office for additional underwriting review.

Once the appointment is finished and the decision has been given, ***the application and all required forms must be faxed to our New Business center*** at (866) 892-6428 or newbusiness-independentsales@baltlife.com. **Forms must be sent to the home office in all cases, even when the application has been declined.**

The Call Center Details

- The call center phone number is (888) 368-9678.
- Call center hours are 9:00 a.m. to 10:30 p.m. Monday–Thursday, and 9:00 a.m. to 6:00 p.m. Friday, EASTERN TIME.

- TTY available in both English and Spanish.
- If the call center is closed, you may leave a message and request to have the interview completed.
 - > At your requested date/time during business hours, a call center representative will call you, the agent, to gather the needed information.
 - > The call center representative will then call the applicant and conduct the interview.
 - > If you, the agent, are not present during the interview, you will be called and informed of the decision.
- During high call volume periods, you may also reach a voice mail box. The process is the same as if the call center is closed except that a call center representative will call you within ten minutes unless you request another date/time during business hours for the return call.
- The interview must be completed in order to process the application.
- The interview must be completed within five days from the date of the application.

You should ask your agent to explain both the benefits and the drawbacks of the replacement you are considering.

If you are replacing an existing policy and you are not satisfied with the new policy for any reason, you have the right to return your policy to us within 30 days after you receive it and receive a refund of all premiums paid.

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? YES NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? YES NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
1. _____			
2. _____			
3. _____			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because:

I certify that the responses herein are, to the best of my knowledge, accurate:

You have the right to return the policy within 30 days of its delivery and receive an unconditional full refund of all premiums.

I do not want this notice read aloud to me. _____ (Applicants must initial only if they do not want the notice read aloud.)

A copy of this form must be provided to the applicant and a second copy must be provided to the Home Office along with the application.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable?

Could they change?

You're older—are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid; you will incur costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (See your tax advisor.)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

Modified Endowment Contract Information

I understand that as defined in the Internal Revenue Code Section 7702A, the life insurance policy for which I have applied, or which has been issued, is a Modified Endowment Contract.

The Federal Government created a class of life insurance policies known as Modified Endowment Contracts under the Technical and Miscellaneous Revenue Act of 1988 (TAMRA). These are life insurance policies under which the gross premiums paid at any time during the first seven years - or during the seven years after a material change - exceed the sum of the annual net level premiums under the seven-pay test defined in the law.

Death benefits on life insurance policies are not subject to income tax, but in some cases may be subject to estate taxes.

When a policy becomes a Modified Endowment Contract, there is a change in the tax treatment of any distribution made during the life of the policy. The kinds of distributions that may be subject to income tax include dividends paid in cash or withdrawn, any loan, interest on the loan, partial withdrawals, policy surrender, or any assignment or pledge.

When a taxable distribution is made, only the amount of the distribution that represents any gain in the contract is included in your taxable income.

Taxable distributions are subject to a two-part tax—*income tax* on the amount of the gain and an *additional 10%* penalty unless the taxpayer is disabled, over the age of 59½ or the benefit is paid as a life annuity.

Before making any decision concerning the tax status of your policy, you should consult your tax advisor.

Modified Endowment Contract Information

I understand that as defined in the Internal Revenue Code Section 7702A, the life insurance policy for which I have applied, or which has been issued, is a Modified Endowment Contract.

The Federal Government created a class of life insurance policies known as Modified Endowment Contracts under the Technical and Miscellaneous Revenue Act of 1988 (TAMRA). These are life insurance policies under which the gross premiums paid at any time during the first seven years - or during the seven years after a material change - exceed the sum of the annual net level premiums under the seven-pay test defined in the law.

Death benefits on life insurance policies are not subject to income tax, but in some cases may be subject to estate taxes.

Accelerated Death Benefit Rider Disclosure Statement

This is a brief description of the Accelerated Death Benefit Rider and its effects on your policy. Please refer to the rider form for contract provisions.

Your benefit.

We will allow you, the owner, to accelerate a minimum of \$5,000 up to all of the eligible death benefit, not to exceed \$250,000, if the Insured suffers from a Terminal Illness, is Chronically Ill and confined to a licensed Qualified Nursing Facility continuously for at least 90 days and the Insured's stay is certified to be permanent, or requires Extended Care.

Terminal Illness means a medical condition of the Insured resulting from bodily injury, or disease, or both: (a) which has been diagnosed by a physician, such diagnosis being supported by clinical, radiological, laboratory, or other evidence of the medical condition satisfactory to us; and (b) which a physician has certified in writing is expected to result in the death of the Insured within twenty four (24) months.

Chronically Ill means the Insured is unable to perform, without substantial assistance from another person, at least two out of six Activities of Daily Living; or suffers from a severe organic mental illness.

Activities of Daily Living are: (1) eating; (2) toileting; (3) transferring (i.e., moving into or out of a bed, chair, or wheelchair); (4) bathing; (5) dressing; and (6) continence.

Extended Care means care of the Insured that is required because the Insured is Chronically Ill and has remained Chronically Ill continuously for at least 90 days, as certified in writing by a physician. Extended Care includes care provided by a licensed home health care agency or by a licensed or state-certified adult day care center.

The benefit payable to you.

Upon satisfaction of the requirements under the rider, we will pay to you an amount equal to the percentage of the eligible death benefit you elect to accelerate, multiplied by the Specified Percentage, reduced by an administrative charge of \$250.00. The amount of the payment to you will be reduced by the amount of the reduction in any outstanding loan resulting from the acceleration. There are no other costs or liens to the policy associated with the Accelerated Death Benefit Rider.

The Specified Percentages are: 95% for the Terminal Illness benefit, 90% for the Qualified Nursing Facility benefit, and 80% for the Extended Care benefit.

Effects to the policy upon acceleration are as follows:

- the policy's face amount will be reduced by the accelerated percentage of the eligible death benefit; and
- the cash value and any loan balance will also be reduced by the accelerated percentage of the eligible death benefit.

As an example showing the effects on your policy, if you elected to accelerate 70% of the policy's death benefit, assume the following hypothetical amounts and that the Insured is permanently confined to a Qualified Nursing Facility:

Face Amount:	\$120,000
Loan Balance:	\$10,000

Cash Value: \$58,000

The portion of the death benefit to be accelerated, 70% of \$120,000 or \$84,000, meets the minimum (\$5,000) and maximum (\$250,000) requirements. Since the acceleration is based on a Qualified Nursing Facility event, the Specified Percentage (90%) is applied and the result is: \$75,600 (\$84,000 X .90). The \$75,600 amount is reduced by the accelerated proportional amount of the loan and by the administrative fee of \$250 (\$75,600 minus 70% of the \$10,000 loan, then reduced by \$250.) The resulting \$68,350 benefit amount is payable to you.

Your policy's face amount, loan balance, and cash value would also be reduced by your elected acceleration percentage of 70% as shown below:

	Before <u>Acceleration</u>	After <u>Acceleration</u>
Face Amount:	\$120,000	\$36,000
Loan Balance:	\$10,000	\$3,000
Cash Value:	\$58,000	\$17,400

Conditions for the benefit.

- The policy and rider must be in force and the Insured is living at the time you make a written request for benefits.
- Written proof satisfactory to us that the Insured suffers from a Terminal Illness, or is Chronically Ill and has been certified as such in writing by a physician, and has been confined to a Qualified Nursing Facility continuously for at least 90 days with written certification by a physician that such confinement is expected to be permanent, or requires Extended Care.
- Any Assignee or Irrevocable Beneficiary under the policy must consent in writing to your election of this benefit.
- A request for acceleration will not be approved if you are required by a government agency to use this benefit in order to apply for, obtain, or keep government benefits or entitlements.
- The death benefit amount accelerated must be no less than \$5,000 and no more than \$250,000.
- Only one benefit election is allowed under this rider. Once a benefit is paid, this rider ends.

Tax Consequences: A benefit that you receive under this Rider may be taxable or may adversely affect your eligibility for Medicaid or other government benefits or entitlements. Before claiming a benefit under this Rider, you should seek the advice of your personal tax advisor.

I acknowledge that I have read and understand this disclosure statement.

Dear Applicant:

The Religious Freedom Protection and Civil Union Act (“Act”) became effective June 1, 2011 in the state of Illinois. As a result of this, individuals who are parties to a civil union are entitled to the same legal obligations, responsibilities, protections and benefits that are afforded to or recognized by the laws of Illinois to spouses. The Baltimore Life Insurance Company is in compliance with this Act.

Please read the attached information published by the Illinois Department of Insurance entitled “Civil Unions and Insurance Benefits” which describes the impact the Act has on various types of insurance coverage.

Please contact our Customer Service Department at 800-628-5433 if you have any questions.

Civil Unions and Insurance

Benefits

May 2011

Note: This information was developed to provide consumers with general information and guidance about insurance coverage and laws. It is not intended to provide a formal, definitive description or interpretation of Department policy. For specific Department policy on any issue, regulated entities (insurance industry) and interested parties should contact the Department.

Signed by Governor Quinn on January 31, 2011, the Religious Freedom Protection and Civil Union Act (Public Act 96-1513, the "Civil Union Law") will allow both same-sex and different-sex couples to enter into a civil union with all of the obligations, protections, and legal rights that Illinois provides to married heterosexual couples.

The Civil Union Law becomes effective on June 1, 2011. Below is a list of frequently asked questions about the Civil Union Law's impact on insurance laws and benefits in Illinois. Please call the Department of Insurance at (866) 445-5364 if you have a question we have not answered.

GENERAL QUESTIONS

A1) What is a civil union? How is a civil union different from marriage?

A civil union is a legal relationship granted to unmarried adult partners by the State of Illinois. The Civil Union Law ensures that civil unions and marriage are treated identically under Illinois law.

For purposes of Illinois law, and as used in this fact sheet, the term "spouse" (and other terms that denote the spousal relationship) now includes a party to a civil union. Federal law may impact how eligibility and benefits for certain insurance products are treated.

A2) What impact does the Civil Union Law have on insurance policies? How will the Law be interpreted?

For purposes of insurance laws, policies, eligibility, and benefits governed by Illinois law, a spouse in a civil union and a spouse in a marriage are to be treated identically.

The Civil Union Law will be "liberally construed and applied to promote its underlying purposes." If ambiguity exists about whether or how the Civil Union Law applies to an insurance law, regulation or policy, that ambiguity shall be resolved in favor of the individuals in the civil union.

A3) When does the Civil Union Law become effective?

The Civil Union Law becomes effective on June 1, 2011. All insurance policies issued on or after June 1, 2011, must immediately conform to the Civil Union Law. All in-force insurance policies subject to the Law (generally, all insurance policies issued in Illinois) are amended by operation of law to conform with the Civil Union Law on that date.

This means that all policies will, without any action on the part of the insurer, insured or certificate holder, be interpreted and enforced so as to provide the same benefits to spouses in a civil union and those in a marriage beginning June 1, 2011. For rating and underwriting purposes, the Civil Union Law shall be applied on issuance or renewal.

The Department has provided separate [guidance](#) to all insurers licensed to operate in Illinois to ensure that existing policy forms, applications, and other materials given to policyholders or applicants are amended in a reasonable but timely manner, and to ensure that policyholders and applicants are informed about the rights provided by the Civil Union Law.

A4) Does the Civil Union Law apply to domestic partners who are not joined in a civil union?

No. The Civil Union Law does not change the legal status, rights, or protections currently afforded to domestic partners. In order to receive the same legal status as married couples under State law, domestic partners must enter into a civil union as provided by the Civil Union Law.

A5) What proof of a civil union may an insurer require?

Insurers cannot impose more stringent requirements on policyholders, applicants or claimants to prove a civil union than are required to prove a marriage. An insurer cannot, for example, require certification or evidence that the couple joined by a civil union has a joint account, owns real estate jointly, or shares a residence, unless the insurer also requires the same certification or evidence of couples joined in marriage to prove the marriage.

HEALTH INSURANCE

B1) Do health insurance policies have to provide coverage for civil union spouses?

Health insurance policies and HMO contracts issued in Illinois must offer coverage to civil union couples and their families that is identical to the coverage offered to married couples and their families.

In other words, a policy that allows coverage for the married spouse of a policyholder must also allow coverage for the civil union spouse of a policyholder. Likewise, if the policy allows coverage for the dependent child(ren) of a married policyholder, it must also allow coverage for the dependent child(ren) of a policyholder in a civil union. Rates for two-person (spousal) coverage or family coverage must not differ based on whether the family consists of married or civil union spouses.

B2) When can I add my civil union spouse to my employer's health insurance plan?

If your employer's plan allows coverage for the spouses of employees, and the plan is subject to the Illinois Health Insurance Portability and Accountability Act (*i.e.*, it is provided through a group health insurance policy issued in Illinois), you will be allowed to add coverage for your civil union spouse:

- During your plan's annual open enrollment period; OR

- During a 30-day “special enrollment period” after the civil union becomes effective, or after your civil union spouse loses other coverage.

If you have entered into a civil union in another state before June 1, 2011, your employer plan must offer this 30-day special enrollment period beginning on June 1, 2011.

Coverage generally becomes effective on the first day of the first month following the completed request for enrollment.

You should consult with your insurance agent, insurer, or employer for more information about your plan’s open enrollment and special enrollment periods.

B3) If I cover my civil union spouse through my employer’s health insurance, is it taxable?

At the federal level, yes. Federal law does not recognize civil unions, and federal tax law provides that an employee providing coverage for a civil union spouse has “imputed income” equal to the excess of the fair market value of the coverage provided to the civil union spouse over the amount paid by the employee for such coverage. The imputed income is subject to federal income and payroll taxes.

Due to federal law, your civil union spouse also may not qualify for federal tax exemptions on insurance premiums that married couples receive.

For more information regarding federal tax questions, please consult a tax advisor.

B4) Are civil union spouses entitled to the same health insurance continuation rights as married spouses in the event of a job loss, retirement, death, or divorce?

Yes and no. Illinois law allows individuals covered by a spouse’s employer-based health insurance policy to remain covered even after a job loss or a reduction in hours that results in termination of the coverage, or in the event of the employee’s retirement, death, or divorce from the spouse.

The continuation rights afforded by Illinois law apply equally to married spouses and civil union spouses.

Similar continuation rights are provided to spouses under a federal law known as the Consolidated Omnibus Budget Reconciliation Act, or “COBRA.” There are some differences between the Illinois continuation laws and the federal COBRA law in terms of premium costs, length of continuation coverage, and qualifying events.

Federal law does not recognize the Illinois Civil Union Law, and civil union spouses may not qualify for all of the same continuation rights as married spouses under COBRA.

See the Department’s [fact sheets](#) for more information about health insurance continuation rights provided under State and federal law.

B5) Are civil unions recognized for purposes of Medicare eligibility?

No. In general, due to federal law, an individual is eligible for Medicare Part A (hospital insurance) if he/she is 65 years old, a US citizen or permanent resident, and either he/she or his/her spouse has worked in Medicare-covered employment for at least 10 years.

As a function of federal law, Medicare does not recognize a civil union partner as a spouse. Therefore, if you do not have at least 10 years of Medicare-covered employment, you may not use the employment history of your civil union spouse to establish your eligibility for Medicare Part A.

B6) Can civil union spouses participate in Medical Savings Accounts (MSAs)?

An MSA is health plan option offered by some employers which combines a high-deductible health insurance policy with a tax-sheltered savings account. MSAs are established pursuant to federal law. An MSA allows “eligible individuals” to contribute pre-tax dollars to the savings account, which can be used to pay the insurance premium, deductible, and other qualifying medical costs.

Federal law does not recognize civil unions and, therefore, a civil union spouse would not qualify as an “eligible individual” under an MSA plan.

B7) Do the benefits provided to spouses under a Long Term Care policy apply to civil union spouses?

Yes. Long Term Care contracts often provide for a spouse survivorship benefit, spouse waiver of premium, spouse security benefit, and a spouse shared care benefit. Under the Civil Union Law, insurance policies issued in Illinois must provide identical benefits to spouses in a marriage and those in a civil union.

LIFE INSURANCE, ANNUITY, AND ASSET-BACKED INSURANCE PRODUCTS

C1) Can I purchase life insurance covering my civil union spouse?

Yes. In order to purchase insurance on someone else’s life (and designate yourself as the beneficiary), you must have an “insurable interest” in the life of the insured person at the time of application. In other words, you would suffer a financial or other tangible loss in the event of the insured person’s death. Insurance companies generally presume that close relatives, such as a spouse, child, parent, sibling, or grandchild, have an insurable interest in the life of the insured person. The Civil Union Law ensures that civil union spouses are treated the same as married spouses for purposes of life insurance coverages and benefits.

C2) Can I purchase a joint life insurance policy covering myself and my civil union spouse?

Yes. You can also purchase a rider to your existing policy to cover your civil union spouse. The Civil Union Law ensures that spouses in a civil union and marriage are treated equally for purposes of life insurance coverages and benefits.

C3) Can a civil union spouse be entitled to proceeds from a life insurance policy with no named beneficiary?

Yes. If a life insurance policy does not have a named beneficiary, the proceeds from the policy accrue to the insured person's estate. As a result of the Civil Union Law, civil union spouses are entitled to the same estate and inheritance rights under Illinois law as married spouses.

C4) Qualified annuity contracts provide certain tax advantages—for example, the right to a Qualified Preretirement Survivor Annuity (QPSA)—to surviving spouses upon the death of the insured. Do these tax advantages apply to civil union spouses?

No. While civil union spouses are afforded the same rights as married spouses under State law, QPSAs and similar tax-related advantages are derived from federal tax law. Illinois' Civil Union Law does not (and cannot) alter federal law.

The federal Defense of Marriage Act excludes civil unions and civil union partners from the meaning of the word "marriage" or "spouse" in all federal laws. Therefore, a civil union spouse does not qualify for the same tax advantages provided to a married spouse under federal law, including the tax benefits afforded to the surviving spouse of an owner of an annuity.

For more information regarding federal tax laws, please consult a tax advisor.

C5) Non-qualified annuity contracts allow a surviving spouse to become the contract owner upon the death of the insured. Does this right apply to civil union spouses?

No. This "spousal continuation" right is governed not by Illinois law, but by federal law. Because civil unions are not recognized by federal law, a civil union spouse is not considered a qualified beneficiary entitled to continuation rights under federal law.

PROPERTY & CASUALTY AND WORKERS COMPENSATION INSURANCE

D1) Does an insurer have to offer civil union couples the same joint policies and discounts it offers to married couples?

Insurers must offer the same policies and contracts to both civil union couples and married couples. If the insurer sets premium rates or provides premium discounts based on marital status, the insurer must treat married couples and civil union couples identically.

D2) How do I add my civil union spouse to my auto or homeowners' policy?

Your civil union spouse will be automatically covered under your policy. All auto and homeowners' insurance policies provide coverage for the "spouse" and dependent children of the named insured. The Civil Union Law ensures that the term "spouse" is defined to include parties to a civil union. Therefore, your auto and/or homeowners' policies will provide coverage to your civil union spouse as soon as the civil union takes effect.

If you entered into a civil union in another state prior to June 1, 2011, your civil union spouse will be covered effective June 1, 2011.

D3) Could a civil union spouse be covered under an auto or homeowners' policy after the named insured dies?

Yes. Auto and homeowners' policies allow the surviving spouse of the named insured to continue to pay premiums and keep the coverage in force. The Civil Union Law ensures that married and civil union spouses have the same coverage rights and benefits.

D4) Can the teenage child of civil union parents be added to the parents' auto insurance policy?

Yes. For teen drivers, the easiest (and usually least expensive) way to get insurance coverage is to be added to a parent(s)' policy. The Civil Union Law ensures that children of civil union spouses have the same coverage rights and benefits as children of married spouses. You can either add your child to your vehicle, or if she has her own vehicle (and your name is on the title), you can add her vehicle to your policy.

D5) Do civil union spouses qualify for survivor benefits under workers' compensation insurance?

Yes. Civil union spouses are entitled to the same benefits as married spouses under workers' compensation insurance.

PENSIONS

E1) Are civil union spouses entitled to survivor benefits under pension funds for firefighters and police officers?

Yes. The Civil Union Law ensures that civil union spouses are entitled to all of the same benefits as married spouses, including pension-related survivor benefits. However, civil union spouses are also subject to the same obligations and restrictions on such benefits that married spouses are. The surviving spouse of a police officer, for example, is entitled to survivor benefits only if the couple was married or joined in a civil union prior to retirement. Likewise, the surviving spouse of a firefighter is eligible for benefits only if the marriage or civil union took place at least one year before the firefighter's death.

For purposes of this one-year requirement, a civil union entered into in another state prior to June 1, 2011, shall be counted from the effective date of the civil union.

Importantly, the Civil Union Law does not increase the amount or frequency of benefits payable by a public pension fund. Rather, the law clarifies to whom those benefits are payable.
