The agent or intermediary represents us by taking your insurance application, collecting your initial premium and, if applicable, delivering your policy.

Agent compensation may vary depending on the type of insurance plan you purchase or the specific options included with your policy. The agent can receive compensation by:

- commissions when a policy is purchased or renewed
- fees for marketing and administrative services
- educational opportunities

Some agents and/or their intermediaries may also receive discounts on their own policy premiums and bonuses. We may also offer incentive trips or prizes associated with sales contests based on sales criteria. Types of sales criteria include overall sales volume of an agent or intermediary with our companies or percentage of completed sales.

Intermediaries may also pay compensation directly to the licensed agent. If the licensed insurance agent can sell insurance policies from other insurance carriers, those carriers may pay compensation that differs from ours.

DISCLOSURE STATEMENT FOR ACCELERATED BENEFITS RIDER

Accendo Insurance Company part of the CVS Health® family of companies and Aetna affiliate
1021 Reams Fleming Boulevard, Franklin, TN 37064

(Note: this disclosure only applies where the base policy has a face value of \$5000 or greater, in which case the Accelerated Benefits Rider is provided free of any additional premium charge.)

1. What is an accelerated benefit? An accelerated benefit is a portion of the death benefit paid because the insured is diagnosed as being terminally ill which results in the insured having a life expectancy of twelve months or less.
2. What payment options are available? Up to a maximum of 50% of the face amount if the insured is diagnosed with a terminal illness which results in the insured having a life expectancy of twelve months or less. The minimum benefit that may be requested is \$1,000. The maximum benefit that may be requested is \$15,000. This amount will be paid as a lump sum. The company may apply a portion of the accelerated death benefit to repay an outstanding policy loan but only up to the amount of the outstanding policy loan multiplied by the percentage of the policy death benefit that has been accelerated. There is an administrative fee of up to \$200 to use this benefit.
3. What is the premium for the Accelerated Benefits Rider? No additional premium is charged for an Accelerated Benefits Rider. Policy premiums are still due after taking the accelerated benefit.
4. How will taking an accelerated benefit affect my policy? The cash value, premium, and death benefits will be reduced by the same percentage as the accelerated benefit is to the face amount of the policy. An example is as follows:

Values prior to acceleration	50% acceleration calculation	After receiving 50% acceleration
Face amount.....\$10,000	1. Face amount = \$10,000	Net face amount.....\$5,000
Premium.....\$400	2. Maximum benefit available: 50% of face amount = \$5,000	Premium.....\$200
Cash value.....\$1,000	3. Minus 50% of outstanding loan: \$5,000 – 100 = \$4,900	Cash value.....\$500
Loan balance.....\$200	4. Minus administration fee: \$4,900 - \$200 = \$4,700 (accelerated benefit amount paid)	Loan balance.....\$100

The net face amount remaining at the insured's death will be paid to the named beneficiary at the insured's death if the policy is in force at that time. Upon a request to accelerate the policy death benefits and upon the payment of the accelerated death benefit, specific information about the effect of an accelerated benefit on policy values, death benefit, premium and loans will be provided to the policyowner and any irrevocable beneficiary. An amended policy schedule page will then be provided to the policyowner to reflect changes in death benefit and policy values as a result of any accelerated benefit payment.

5. Are there any limitations on the use of the accelerated benefit proceeds? There are no restrictions or limitations, except such proceeds may be subject to child support liens.
6. Are the accelerated benefit proceeds taxable? Benefits under this rider are intended to qualify for favorable tax treatment. However, there are circumstances under which these benefits may be taxable. You should consult a personal tax advisor. Receipt of accelerated benefit proceeds may adversely affect the recipient's eligibility for Medicaid or other governmental benefits or entitlements. The accelerated benefit proceeds do not and are not intended to qualify as long-term care insurance.
7. Is the exercise of the rider voluntary? You are not required to exercise the Accelerated Benefit and have the right to waive this benefit.

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

Accendo Insurance Company part of the CVS Health® family of companies and Aetna affiliate
1021 Reams Fleming Boulevard, Franklin, TN 37064 • 800-264-4000

This document must be signed by the applicant and the producer, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? **Yes** **No**
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? **Yes** **No**

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy will be replaced or used as a source of financing:

Insurer name .	Contract/policy number .	Insured or annuitant .	<input type="checkbox"/> Replace <input type="checkbox"/> Financing

Insurer name .	Contract/policy number .	Insured or annuitant .	<input type="checkbox"/> Replace <input type="checkbox"/> Financing

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in force illustration, policy summary or available disclosure document must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____.

I certify that the responses herein are, to the best of my knowledge, accurate:

Applicant signature **Applicant name (print)** **Date**

Agent signature **Agent name (print)** **Date**

I do not want this notice read aloud to me _____ (applicants must initial only if they do not want the notice read aloud).

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration or how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

Premiums

- Are they affordable?
- Could they change?
- You're older - are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

Policy values

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

Insurability

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

If you are keeping the old policy as well as the new policy:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

If you are surrendering an annuity or interest sensitive life product:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

Other issues to consider for all transactions:

- What are the tax consequences of buying the new policy?
- Is this a tax free exchange? (see your tax advisor)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

Replacement policy

We believe that the replacement of an existing life insurance policy must be appropriate for the customer and must meet his or her needs or financial objectives. From a customer's perspective, an appropriate replacement is one that is justified from either an economic or personal standpoint. The costs, provisions, features and benefits of both the current and proposed policy should be considered in relation to the customer's needs, circumstances and goals.

Some examples of the types of provisions that should be considered are premium rate differences and differences in suicide and incontestability provisions. In addition, factors such as the age and health of the customer must be considered. Producers are expected to provide all material information that the customer needs in order to ascertain whether replacement of an existing policy or contract is appropriate.

All replacements must be in compliance with applicable regulations and company rules. Many states require accurate written comparisons of existing and proposed contracts be provided to the customer when proposing a replacement. Producers are expected to know and comply with these requirements.
