MODIFIED ENDOWMENT CONTRACT

The Technical and Miscellaneous Revenue Act of 1988 created a new type of life insurance contract known as a Modified Endowment Contract (*MEC*). The 1988 law discourages the use of life insurance as an investment by giving less favorable tax treatment to policies classified as MECs. As indicated later in this disclosure, attempts by the owner to access tax-deferred cash values from a MEC (*directly or indirectly*) before the insured's death are taxed adversely (*compared to a non-MEC policy*).

Section 7702A of the Internal Revenue Code classifies a policy as a MEC if premiums paid into the policy exceed a certain limit in relation to the policy's death benefit (*including any qualified additional benefits, such as a term rider*). Premium payments are measured over a timeframe known as the "7-pay test period," and if cumulative premiums during any 7-pay test period exceed the 7-pay limit specified in Section 7702A, the policy is a MEC. A 7-pay test period normally starts on the policy's issue date and ends seven years after the issue date, unless there is a restart of the 7-pay test period due to a material change. Material changes that might generate a restart of the 7-pay test period include a requested increase in the death benefit or an addition of a qualified additional benefit under the contract. Any reduction in a qualified benefit level during any 7-pay test period will generally require the policy's 7-pay limit to be reduced retroactively to the start of that 7-pay test period (*as if this reduced benefit level started when this 7-pay test period began*). The lower 7-pay limit can cause the policy to become a MEC.

Once a policy becomes a MEC, any amount received or deemed to be received from the policy (*other than a death benefit*) is subject to the following adverse U.S. income tax treatment.

- 1) An amount distributed directly or indirectly from a MEC, such as cash distributions, withdrawals, loans, assignments, ownership changes or pledges will be considered taxable income until all gain, if any, has been distributed. A distribution made within two years prior to the failure of the 7-pay test will be considered a distribution made in anticipation of such a failure.
- 2) The taxable income amounts will be subject to a 10 percent penalty tax unless the owner is an individual who has attained age 59½, is disabled, or annuitizes the entire cash value. (*If the owner is a corporation, trust or other entity, such proceeds are subject to the 10 percent penalty tax at any time.*)

This adverse tax treatment is expanded by certain deemed tax treatment rules, which are designed to prevent an owner from avoiding adverse MEC treatment by attempting to gain access to the cash values via alternative methods before death. For instance, all MECs purchased by the same owner during the same calendar year from the same insurer are treated as one MEC. Therefore, any amount received or deemed received from any one of those MECs would be considered taxable income until all gain, if any, has been distributed from all of those MECs combined.

Death benefits from a MEC paid to the beneficiary after the insured's death are still treated as life insurance proceeds and are generally not subject to U.S. income tax.

Assurity does not give tax advice, and this disclosure should not be interpreted as tax advice. Rather, this disclosure is intended to alert you to the potential scope of the adverse U.S. tax treatment of any amounts received or deemed received from a MEC prior to death of the insured. Please consult with a qualified tax advisor if you have questions.

I acknowledge that I have read this disclosure statement and that I understand my plan of insurance with Assurity is a Modified Endowment Contract and therefore subject to special U.S. tax treatment as outlined above.

BLOOD TESTING MAY INCLUDE AIDS VIRUS (HIV) ANTIBODY/ANTIGEN TESTING

INSURER: Assurity Life Insurance Company • P.O. Box 82533 • Lincoln, Nebraska 68501-2533

EXAMINER: _____

Name

Address

To determine your insurability, the Insurer named above (*the Insurer*) has requested that you provide a sample of your blood for testing and analysis. All tests will be performed by a licensed laboratory.

Tests may be performed to determine the presence of antibodies or antigens to the human immunodeficiency virus (*HIV*), also known as the AIDS virus. The HIV antibody test that we perform is actually a series of tests done by a medically accepted procedure. The HIV antigen test directly identifies AIDS viral particles. These tests are extremely reliable. Other tests which may be performed include determinations of blood cholesterol and related lipids (*fats*) and screening for liver or kidney disorders, diabetes, and immune disorders.

PRE-TESTING CONSIDERATION

Many public health organizations have recommended that before taking an AIDS virus (*HIV*) antibody/antigen test, a person seek counseling to become informed concerning the implications of such tests. You may wish to consider counseling, at your expense, prior to being tested.

DISCLOSURE OF TEST RESULTS

All test results will be treated confidentially. They will be reported by the laboratory to the Insurer. When necessary for business reasons in connection with insurance you have or have applied for with the Insurer, the Insurer may disclose test results to others involved in the underwriting and claims review process. If the HIV test is positive, the results will be reported to the local health department or the state department of health and if the Insurer is a member of MIB, Inc. (*formerly known as Medical Information Bureau*), the Insurer may report the results in a generic code which signifies only nonspecific blood test abnormalities. If your HIV test is normal, no report will be made about it to MIB, Inc. Other test results may be reported to MIB, Inc. in a more specific manner. The organizations described in this paragraph may maintain the test results in a file or data bank. There will be no other disclosure of test results or even that the tests have been done except as may be required or permitted by law or as authorized by you.

The following protocol will be used for blood testing:

- 1) An initial ELISA blood test.
- 2) If the initial ELISA test is positive, then a repeat ELISA blood test must be given.
- 3) If the second ELISA blood test is positive, a Western Blot blood test must be used to confirm the previous positive results. If any of the tests yield negative results, the tests may not be used for underwriting and the positive result(s) must be purged from your insurance file.

MEANING OF TEST RESULTS

If your HIV test results are normal, no routine notification will be sent to you. If the HIV test results are other than normal, the Insurer or your designated physician will contact you. The Insurer may also contact you if there are other abnormal test results which, in the Insurer's opinion, are significant. The Insurer may ask you for the name of a physician to whom you may authorize disclosure and with whom you may wish to discuss the results.

Positive HIV antibody/antigen test results do not mean that you have AIDS, but that you are at significantly increased risk of developing AIDS or AIDS-related conditions. Federal medical authorities have concluded that persons who are HIV antibody/antigen-positive should be considered infected with the AIDS virus and capable of infecting others.

Positive HIV antibody or antigen test results or other significant blood abnormalities will adversely affect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.

CONSENT

I have read and I understand this Notice and Consent for Blood Testing, which may include HIV antibody/antigen testing. I voluntarily consent to the withdrawal of blood from me by needle, the testing of that blood and the disclosure of the test results as described above.

In the event of a positive HIV test result, I authorize Assurity Life Insurance Company to send the test results to the following health care professional for post-test counseling and for health department reporting purposes:

IMPORTANT NOTICE

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by withdrawal, surrender or borrowing of some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs, and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer or otherwise terminating your existing policy or contract? Yes No
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? Yes No

Please list each existing policy or contract that you are contemplating replacing (*include the name of the insurer, the insured or annuitant, and the policy or contract number if available*) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY NO.	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Make sure you know the facts. Contact your existing company or its producer for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure document must be sent to you by the existing insurer. Ask for and retain all sales material used by the producer in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because:

I certify that the responses herein are, to the best of my knowledge, accurate:

Applicant's Signature and Printed Name _____
Date (MM/DD/YYYY)

Producer's Signature and Printed Name _____
Date (MM/DD/YYYY)

**Signed form to be returned to the home office.
 Applicant to receive a copy of the signed form at the time the application is taken.**

I do not want this notice read aloud to me. _____ (*Applicant must initial only if they do not want the notice read aloud.*)

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or producer that sold you your existing policy or contract to provide you with information. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your producer to determine whether replacement or financing your purchase makes sense:

PREMIUMS

Are they affordable?

Could they change?

You're older—are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid; you will incur acquisition costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST-SENSITIVE LIFE PRODUCT

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (*See your tax advisor.*)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

Signed form to be returned to the home office.

Applicant to receive a copy of the signed form at the time the application is taken.

IMPORTANT NOTICE

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by withdrawal, surrender or borrowing of some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs, and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer or otherwise terminating your existing policy or contract? Yes No
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? Yes No

Please list each existing policy or contract that you are contemplating replacing (*include the name of the insurer, the insured or annuitant, and the policy or contract number if available*) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY NO.	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Make sure you know the facts. Contact your existing company or its producer for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure document must be sent to you by the existing insurer. Ask for and retain all sales material used by the producer in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because:

I certify that the responses herein are, to the best of my knowledge, accurate:

<i>Applicant's Signature and Printed Name</i>	<i>Date (MM/DD/YYYY)</i>
<i>Producer's Signature and Printed Name</i>	<i>Date (MM/DD/YYYY)</i>

**Signed form to be returned to the home office.
 Applicant to receive a copy of the signed form at the time the application is taken.**

I do not want this notice read aloud to me. _____ (*Applicant must initial only if they do not want the notice read aloud.*)

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or producer that sold you your existing policy or contract to provide you with information. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your producer to determine whether replacement or financing your purchase makes sense:

PREMIUMS

Are they affordable?

Could they change?

You're older—are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid; you will incur acquisition costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST-SENSITIVE LIFE PRODUCT

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (*See your tax advisor.*)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?
